

LEADERS: MEETINGS FOR BY YWCA HEADS

Eather Briesemeister and Mrs. Winona E. Chambers, national YWCA secretaries from New York, will continue their leadership training which was initiated yesterday with a general meeting on "How plans are actualized." Open to all, the meetings will be held on Monday, Tuesday and Wednesday from 7 to 9 p.m. at 35-11-B.

Miss Briesemeister and Mrs. Chambers, who have visited all the relocation centers, will discuss problems confronting the clubs and organizations of the Center, give leads and ideas on how to assume responsibilities of leadership in the community, show leadership techniques, and present the development of club programs.

On Monday, they will also speak to the Rohwer high school leaders at 10:30 a.m. and at the Girls' League meeting at 4:15 p.m.

They will be here until Thursday.

RELOCATION TEAM SPEAKS

The WRA team of relocation advisers arrived at the Center Wednesday night. They are Harold Fistere, Cleveland relocation supervisor; Elmer Shirrell, Chicago relocation supervisor; Dr. F. A. Weber, Japanese language expert from the Salt Lake City office; Miss Gretchen VanTassel of the Reports division in Washington; and Philip Barber of the Washington Relocation division.

They held various relocation meetings Thursday and yesterday. Scheduled to stay until next Saturday, they will hold the series of general meetings with the various blocks, afternoon meetings with the occupational groups, and individual conferences as previously announced. Featured are the two movies "The Way Ahead," presenting lives of the relocated evacuees in many parts of the country, and "Go For Broke," show-

ing the Japanese American Combat team in training at Camp Shelby.

At Thursday night's meeting, the three main speakers were Dr. Weber, Fistere and Shirrell.

Speaking in both English and Japanese, Dr. Weber related his experiences during his residence of over 30 years in Japan. "Technically, the Japanese are our enemies, but I've known them and they are very fine people. After the war is over, I hope to visit Japan and renew all my old acquaintances," he said.

Fistere indicated that the question most asked by evacuees is, "What is the general attitude of the public?" In response to this, he said that "Are you loyal?" is the question that most concerns the outside American public. "With an unqualified 'yes' as the answer by the evacuees, the majority of the population in the Mid-

PART OF EVACUEE PAYROLL WILL BE PAID BY CHECKS

Because of reduction in Center agent cashier authority and in order to expedite the payment of evacuee salaries, a part of the November evacuee payroll will be paid by check, reported Francis R. Mangham, assistant project director, yesterday.

Team to Recruit Men for M.I.S.L.S.

To recruit candidates for the MIS language School, Camp Savage, Minn., Captain Rusch and two sergeants will arrive at the Center Wednesday.

During their visit here, they will interview all interested nisei and kibei. It was stated during previous recruitments that, "Enrollment in the school calls for no difficult prerequisites. Any male who can understand Japanese is qualified, and a good knowledge of Japanese is not necessarily required. The men are trained to be language specialists."

The groups to be paid by checks are the Engineering section, Agricultural division, and Motor transportation and Maintenance section.

"Totaling \$15,000, the payroll of these groups will be mailed to the Treasury Disbursing Office at Kansas City, Mo. The checks will then be mailed directly to the employees at their respective addresses in the same manner as clothing allowance checks. They should be arriving on about Dec. 12," he said.

The remainder of the evacuee payroll will be paid in cash by agent cashiers in the usual manner, Mangham stated.

west and East is willing to accept evacuees on a face value basis. The Midwestern newspaper are favorable in their reaction, and he suggested that evacuees stop reading California and Hearst papers. Many jobs, professional, skilled and unskilled, are available. Also, schools and churches are open to relocated evacuees. Housing conditions seem to be the most serious problem," he said.

Speaking on relocation in the Chicago area, Shirrell said that, "There are ample opportunities for jobs. The evacuees' chief problem is finding permanent housing. The cost of living is up to the evacuees, and may range from \$40 to \$250 per month per family or from \$4 to \$10 a week for a single man. The outstanding accomplishment by WRA is the placement of evacuees in jobs in which they were adopted prior to evacuation."

"RHYTHM OF THE RIO GRANDE" starring Tex Ritter.

A fine Western packed with action.

Plus war news, "Battle for Tunisia" and snappy shorts.

"JOY OF LIVING" starring Douglas Fairbanks Jr., Irene Dunne, Guy Kibee.

A comedy with music by Jerome Kern. The story deals with a stormy romance between Miss Dunne, popular musical comedy star, whose huge income is lavished selfishly by her family, and Fairbanks a self-confident young man, who preaches a doctrine of attaining happiness by doing what you want to do. This picture is full of delightful complications leading to a gripping climax.

Plus war news, "Victory in Sicily".

"\$1000 A TOUCHDOWN" starring Joe E. Brown, Martha Raye.

President of Co-ed college bets all on professional football game. A hilarious comedy.

This week for a change of pace, I shall try a column "a la Idiot's Delight." Why? OH I don't know...I've been accused of being too serious with my articles...so... Here comes H2O down the slope,

like an antelope
With a "bull-let-in"
from the pope
"Although I'm a dope and
don't know my ropes,
And the critics may say
nope! and I know it's
no soap,
I'll bet 'chu a coke you

(viewed through the telescope according to the horoscope).

So now get your can-opener for here's your can of corn.

According to Post and Carnegie, being broke is a headache. Headache is a pain. Pain is something you get in the neck. Neck is a column. Column is something H2O has. Therefore, H2O makes being broke a headache. (Hey don't look at me! I was born before the depression!)

And here's one for the must lovers. I was going to make a joke out of "Shoo Shoo Baby", but since shoes are rationed, I tried "Paper Dolls." But if I do, "People might say We're in Love," so I decided on "Sunday, Monday, or Always," "If you Please"... As the 1943 World's Almanac says (p. 253, col. 4, line 4..), Today is Saturday. Tomorrow is Sunday. But Yesterday, today was tomorrow. If today is tomorrow and tomorrow is Sunday, today is Sunday. (let's go to church boys!) If you don't ketch on, be thinking of it when he or she is "Close to You," "Sunday, Monday, or Always."

Here's one for the boys. Wolfing is a gamble (i.e. you don't know what you're getting). So is Black-jack. Blackjack is a weapon used to knock a man out. You are out of cir-

DENSON HIGH OVERWHELMS MONROE, 55-6

DENSON, Ark.--Playing their final game of the season, the Denson high school Tigers, using an assortment of skillful plays, completely dominated the show and trounced the Monroe Training Institute eleven of Louisiana, 55-6, last Saturday at Monroe.

In their first meeting, two weeks ago in Jerome, the Tigers won a landslide victory, 54-0.

The Denson high school football team, under the coaching of Dick Kunishima and Yas Chono finished their first grid season by winning three games and losing one. They beat the Rohwer lightweights and the Denson All-Stars once and defeated the Monroe Training Institute twice. Their only setback came at the hands of the Rohwer lightweights in their second meeting.

During the season the preps mustered up a total of 128 points to their opponents' 18. 109 of the points were tallied against Monroe.

And here's one for all the nice boys and girls of Rohwer. Dutch grow tulips. Tulip is a flower. Flour is the maker of dough. A maker of dough is a counterfeiter. A counterfeiter is a criminal. NURSERY SCHOOL

Six Nursery schools will be opened soon. Children who are 3 and 4 years old now, or will be 3 years old by Dec. 31, 1943, are eligible to register.

Registration will take place next week. Those

If it rains Saturday, the game will be played on Sunday, providing that the field is in condition and the weather favorable.

The Jokers and the Broncos will enter today's classic on even terms. Both teams in their only league encounter to date have met and defeated the Blue Devils by the identical score of 6-0. In their non-league game, the Y's had an inter-squad affair, while the Broncos edged out the Block 28 All-Stars, 13-12.

As far as the strength of the two teams is concerned, there isn't much difference between the two. Both lines are rated even with each holding the Blue Devils' running attack to a net gain of only 6 yards, so Saturday's game will see a hard fought battle taking place in forward wall.

The versatile Broncos' backfield combination of Junji Sasaki, Nobi Tanimoto, Johnnie Muraoka and Freddie Kurata holds a slight edge over the tricky Y's quartet of Ty Kajimoto, Roy Tanaka, Tom Saito and Jokie Tamura. However, Coach Kitagawa's field general, Fred Kurata will be a doubtful starter today as he has been handicapped all week by a charley horse.

who live in Blocks 9, 10, 23, 24, will register on Monday between 9 and 11 a.m. at 10-4-A; Blocks 6, 7, 8, 11, on Tuesday between 9 and 11 a.m. at 6-12-A; Blocks 4, 5, 12, 13, on Wednesday between 9 and 11 a.m. at 4-11-A.

All those interested in teaching the Nursery schools are asked to apply at the Employment office.

Registration dates for the remaining blocks will be announced Wednesday.
